Navy UES Personal Interview

I was allotted for the recruitment commander (Captain) for the interview.

Me: I wished him good afternoon sir.
Captain: Yes, please take your seat.

Captain: Your name is Venkatesh , what do you mean by your name ? (This question was common to all of them of asking the meaning of their name)
Me: It's god name of Lord Venkateshwar.

Captain: What good things have you have done by keeping god's name?
Me: Gave some incidents and explained bit about it.

Captain: Tell me about yourself, where did you do your schooling and what were your marks, why did you join mechanical engineering?
Me: Briefly Explained.

Captain: Why do you want to join Indian Navy and why Navy only?
Me: Explained well.

Captain: Tell me 5 differences b/w Petrol and Diesel engine? (Since I was from mechanical stream)
Me: Explained.

Captain: Tell me, how does Spark plug work in a petrol engine?
Me: Explained.

Captain: Explain me how do a Refrigerator and Air-Conditioner work? (Since I had taken Refrigeration and Air conditioning as my elective during 6th Sem)
Me: Explained him the construction and working of it.

Captain: How does Ship float on a water? (Related to Fluid Mechanics subject)
Me: Explained him about Buoyancy force and Archimedes's Principle.

Captain: Tell me the neighboring countries and their capital.
Me: China, Bhutan, Pakistan, Nepal, Bangladesh, Myanmar, Srilanka and their capital.

Captain: Okay Venkatesh, Thank You.

Me: Thank you Sir..!
